

Simmi Kaur

Took LSAT: October 2011

Score: 170 (97th Percentile)

Jon was a fantastic instructor, who primarily led the class in tackling logic games. He broke down games into small, digestible bites, and helped us develop a step-by-step method to ensure success. Amazingly, Jon turned what many call the most intimidating section of the LSAT into the section I looked forward to the most...and dare I say it, logic games became fun and exciting. As an instructor, Jon is respectful, kind and attentive to the pace of all students, and makes sure everyone is on the same page. He is patient and open, and students feel comfortable in expressing any confusion they may feel. I would definitely recommend Jon to any student.
